+ PROFESSIONAL EXPERIENCE

- 2015 - now **Gamma Gamma chapter of Alpha Phi Omega at UC Berkeley | Berkeley, CA**
Presidential candidate

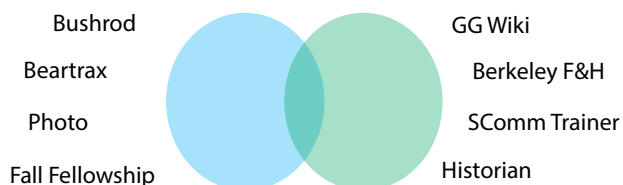

Three falls ago, I joined APO knowing absolutely no one and brimming with anticipation for the future. After exactly one rough semester in which I was prevented from bigging, rejected from PComm, and lost an election that I had been running unopposed in, I was ready to throw in the towel and quit APO. But I didn't, and I instead concluded that I would channel all of my energy that was roused out of me from my disappointments and defeats into my work. I threw myself into service, IC events, the LEADS program, and into every opportunity that the fraternity offered to me — not just on a chapter scale, but also at a sectional and national scale.

From all that I have seen and I have done, I know in my heart that Alpha Phi Omega has so much to offer to not only those that it performs service for, but also for those who make up the fraternity from within. I want to help our fraternity, our chapter grow just as it helped me grow. And I'm going to need your help in this endeavor.
