- Roll Call

### **Saturday 10/14**

- Pre-PCF Photoshoot

### **Sunday 10/15**

- SF Street Food Festival

### **Monday 10/16**

- Roll Call

*Shengmin Xiao*

Hello Everyone! I am your last Stylus Chair~

I used to design pages in high school, so I am very excited to be able to do this again! You should join Stylus Committee too, because you get to make the pages you want and get creative.

I am currently a sophomore intending on majoring in Business and Psychology, and I am from Alameda. Go NorCal~~~ I pledge MMC semester and am also the Finance VP's assistant and Roll Call Chair. PLEASE join Roll Call, because I really need people (shameless plug).

Some of my hobbies include watching dramas/TV show/Youtube videos, eating, sleepings, and trying to find fun events to attend near the Bay Area. I kinda? like getting to know people most of the time, so feel free to reach out to me!

More pictures of me to make my page better than it already is:

# What's YOUR Favorite Service Event?

*James Young*

I like Beartrax because of the students, tennis, and the laid-back environment. We need people, you need hours, so slide through!

One of my favorite service events is Cal Star Yogar. It's one of those events where you can see your positive impact right away. You get to interact with seniors in a way that really touches your heart. They tell you their stories and give you their wisdom in exchange for your service. I remember one time, one of the seniors was telling me how he has ALS. It gave me so much joy that I could just help him for that one moment in time to feel better.

*Jordan Mah*

*Lara Yedikian*

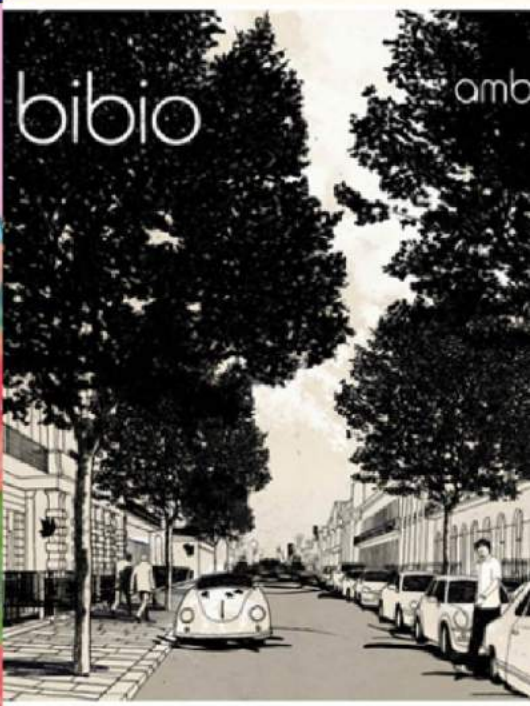

Out of all the service opportunities APO provides, my favorite service event would be Homeless Youth Clinic. For three hours every Monday, I help cook for individuals in need around the Berkeley area. I love doing this service event because we get to cook using donated food items, which can sometimes be unconventional, and get creative with what dishes to make. The chef that volunteers his time is also hella extra, super interesting, and brings a lot of energy to the kitchen. From him, I have learned some new cooking skills and he helped me expand the types of ingredients I use to cook for myself. I find it comforting to know that I am able to help provide a warm meal to those in need while enjoying the entire process. I always leave feeling accomplished and feeling the impact of giving a few hours of my time to an important cause.

My favorite service event from last semester was definitely the Chinese Martial arts tournament. I volunteered for basically the entirety of the event so I managed to get all my hours at just that event. Everyone there was so friendly and inviting and they treated the volunteers really well. The times that you weren't volunteering, you could just sit down and watch all the competitions around the tournament. From 5 year old kids to 60 year old grown adults, everyone was so passionate about their craft and devoted to their performance. And even when you were volunteering, the jobs that they had you do were all fun. I got to volunteer with some of my pledge brothers and the experience really got us to bond. It's definitely an event worth checking out!
